Professional Summary

Front-end Developer with 1+ year of hands-on experience building responsive, user-friendly web applications using HTML, CSS, JavaScript, React.js, and Tailwind CSS. Skilled in API integration, version control (Git/GitHub), and deploying modern web projects to Vercel and Netlify. Seeking an internship opportunity to contribute to a dynamic development team and further hone front-end skills.

Technical Skills

- HTML5, CSS3, JavaScript (ES6+), React.js, Tailwind CSS

- Git, GitHub, VS Code, Vercel, Netlify

- Responsive Design, API Integration, Debugging & Error Handling

- Fluent in English, Urdu & Punjabi

Projects

Personal Portfolio – Developed a fully responsive personal portfolio website using React.js and Tailwind CSS. Integrated project routing, interactive UI components, and form validations. Deployed to Vercel; optimized for performance and SEO.

Weather Dashboard (Academic Project) – Created a dynamic weather dashboard that fetches real-time data from a public API. Implemented search functionality, error handling for invalid inputs, and mobile-first design. Deployed on Netlify with automated build pipeline via GitHub Actions.

Experience:

Web-solave Front-end Developer Projects • January 2025 – Present

- Built and maintained React.js components for SPA features, ensuring consistency across browsers and devices.

- Collaborated with peers on GitHub managed branches, pull requests, and code reviews.

- Implemented Tailwind CSS utility classes to rapidly prototype and standardize UI design.

- Performed cross-browser testing and debugged layout issues using Chrome DevTools.

Education

Diploma in Mechanical Engineering – Vocational Training Institute, Faisalabad, Pakistan • Graduated 2024

Intermediate (ICS) – Abu Anees Higher Secondary College, Faisalabad, Pakistan • Graduated 2021
